AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practicioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

POOR RICHARD'S EYE WATER.

PHILADELPHIA, July 25, 1860.

For sixteen years I had sore and inflamed eyes and eyelids. My father and myself spent not less than two hundred and fifty dollars for a cure, but all in vain. Although we employed six of the best physicians in this city at different times, they used all the skill in their power, but to no purpose; so indeed were my eyelids that all my eyelashes came out. W. Wishart, at 56 South Third Street, seeing my suffering, presented me with a bottle of *Poor Richard's Eye water*, and I thank God that though I have not recovered both my eyes as well as ever, they are greatly improved.

DR. M'TAIR'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion of Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Luxurious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculous, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too cordially invited to this *remedy* and *restorative*, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers, it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effect. Good appetite, complete digestion, rapid acquisition of strength, such an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 40 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed

REPUBLICAN NOMINATION.

FOR PRESIDENT,

Abraham Lincoln,

OF ILLINOIS.

FOR VICE-PRESIDENT,

Hannibal Hamlin,

OF MAINE.

Stephen Anxious to see his Mother.

The political astronomer of *The Hartford Evening Press* has been taking observations of the somewhat erratic course of a luminary whose (coat) tail, it has been said, is very near the earth. The astronomer reports as follows:

Stephen was anxious to see his mother, His mother was anxious to see Stephen. The dutiful boy advertised in the public prints that he was on his way to see his mother. He started from the city of New York to visit his mother, who resides in the western section of New York State. He naturally came to New Haven, Guilford, and Hartford, on his way, and at the latter place he was "betrayed" into a speech. Still bent on the maternal pilgrimage, he goes toward Boston, attracted by a relative of his wife. It was a case of relative of his attraction. On his way, at Worcester, some Judas "betrayed" him into a speech. At Boston, betrayed again. Now, however, he started toward his mother. At Albany, seeking to pass through as a private man, astonished at the magnificent demonstration, the unexpected reception, (like the one at Hartford,) he was "betrayed" into a speech, in which he declared he was on his way to see his mother. From here the pilgrim son reaches Saratoga. Here he lays aside politics, thinks of his long unseen mother whom he is about to visit, and sinks into the genial pleasures of the place. Previous to this we ought to mention, he was "betrayed" into a speech. Full of thoughts of his mother he starts in a northeast direction, and lands at Rutland, the home of his youth. Owing to the wholly unexpected arrival in that place, so hallowed, &c.—he —well—is "betrayed" into a speech. Full of pent-up affections, he can no longer restrain himself, but goes to Bellows Falls. Amid the bellowing of the populace and the sobs of Stephen, he is deceived, deluded, imposed on—in fact "betrayed" into a speech. He flees to the north, he lands at White River Junction. What a junction, what a conjunction in point of fact was there! Stephen was "betrayed" into a speech. Cutting his filial stick in a southeast direction, he informed us at Concord that he is visiting New England to look upon the grave of a relative. Sad Stephen, how skillfully his anxiety to see his mother is disguised. This statement was made in the course of some extended remarks which, in point of fact, "betrayed" pious Æneas into a speech at this very place. At Manchester, at Nashua, at Providence, still seeking the maternal embrace, that still receded, he is still surprised, and still "betrayed;" but why repeat the sad details? Stephen, Stephen, who seems unable to cut his bread and cheese even, is next seen at a clam-bake at Rocky Point; far, far from mother, relatives, or graves, on this strictly private tour to see his mother, Stephen, we say, sinks the maternal for a season, and allows one hundred and fifty bushels of baked clams and 30,000 people to betray him into a speech—a brief one of an hour and a half. Look at the map of New England. Where do you think Stephen is now? Why, way down on the rocky end of Rhode Island, at Newport, kicking up his truant heels by the great ocean, as much as to say that, having traveled all over New England on the strength of her, he now don't care a "brass farthin'" for his maternal! And yet, by and by, when he gets recuperated, and wants to start on another tour, we shall hear his low sweet voice mingling with the roar of the surf down there by the sounding sea, softly singing—

"Wake and call me early,
Call me early, mother dear."

Fires on the Copper Lands.

For more than a week past, extensive fires have been raging on the shores of Lake Superior, in the vicinity of Marquette.—A correspondent of the Lake Superior *Journal*, writing under date of Aug. 6th, says:—The scene last evening was such as has not been witnessed in this vicinity for a long time before, and crowds of all ages and sexes flocked to the fire to witness its progress.

From the top of a hill one might look down into the burning valley as into the crater of a volcano; all was fire, fire. Here and there would be a lofty tree girted with fire from its base to its summit, and resembling a pillar encircled by a fiery serpent, and again as the fire would reach some unusually dry substance, it would shoot off hissing and cracking as though fresh from Pluto's regions.

A young lady named Emeline Chapin, of Bellows Falls, Vt., wove fifty bushel baskets in 11 1-2 hours recently.

Daniel Davis, an old citizen of Burlington Vt., committed suicide on Friday last by drowning himself, while laboring under a temporary aberration of mind.

The potato blight is talked of by the Southern Tier papers. In the neighborhood of Port Deposit and Binghampton the blight is said to have attacked the crop severely.

Mackerel have been found plenty off the coast of Maine, and the shore fishing promises better than for many years before. They take the hook readily as in olden times.

Thomas Cutts, a respectable farmer of Orwell, Vt., committed suicide by cutting his throat with a pruning knife, on the morning of the 3d inst. He is supposed to have been insane.

At Vergennes, Vt., there was a great flight of grasshoppers on Monday last. The air was filled with millions of the greedy insects, and those which flew the highest looked like thistle blows.

At Rome, N. Y., a few days ago, a negro boy, who was at work in a field was struck by lightning and instantly killed. At the time of the casuality the sun was shining and the sky clear, with the exception of a small cloud immediately over the field.

PROVIDENCE LIBERALITY.—We learn that the citizens of Providence have subscribed in behalf of the Light Infantry of that city, to defray their expenses to Cleveland, Ohio, the liberal sum of *four thousand dollars*. Alexander Duncan heads the list with three hundred dollars.

It will be recollected that the General Assembly and His Excellency Gov. Sprague accepted an invitation at the May Session to visit Cleveland on the 10th of September. Gov. Sprague and suite will go under the escort of the Infantry. We believe that Gov. Sprague has invited all the Field Officers of the State to accompany them on the excursion. ☞ We learn that the "Henderson lot" opposite Touro Park and the "Old Stone mill", has been sold to James C. Kennedy, Esq., of Albany, for $5000, (being at the rate of less than 30 cents per foot)—this lot is one of the most desirable in this city, and is considered very cheap.—Mr. Henderson having been offered this sum for it several years ago.

FORT DAY.—We learn that Thursday next will be the last Fort Day for the season. Such of our readers as have not yet been to a "Fort Day," must attend to it at that time or fail of witnessing the exhilerating spectacle, perhaps forever.

FROM SUPERIOR TO ST. PAUL BY STAGE.—We learn from a letter, dated Chengwatanna, Pine county, August 8, that the stage now passes over the road from Chengwatanna to Superior. The opening of this road from St. Paul to the navigable head of Lake Superior has been needed. It completes the grand tour of the Northwest, uniting the travel of our lake and river system. This will soon become one of the most travelled and important roads, and will, in a very short time, establish intimate business and social relations between the people of Lake Superior and their near neighbors of the Upper Mississippi.—*St. Paul Pioneer.*

On the 8th instant, while Mr. Wm. W. Williams, residing about two miles from Columbus, Wis., was cradling wheat, he laid his cradle down, and upon turning around, accidentally stepped on the end of the snath, which sprung the point of the scythe up against his abdomen, cutting a fearful gash about six inches long, letting the omentum and intestines out, so that they protruded most shockingly. He gathered them up in his hands, crowding them back, as much as he could, and holding them, walked over a quarter of a mile to his house. A physician was called; the intestines were skillfully put back to their proper places, and the gash sewed up. From the latest accounts, Mr. Williams was in a fair way of recovery.

A few days since as a train of cars was passing the Centre street station at Newark, N. J., a little child five years of age, attempted to jump on the cars, but missing his hold fell between the tracks. He was probably stunned by the fall, and laid still, and before the train could be stopped four cars had passed over him without causing the slightest injury. When the train stopped, the little fellow crawled out and ran off, with no other injury than a bloody nose occasioned by the fall.

It is said that from 1851 to 1859 five hundred millions of dollars in gold has been produced from the various mines throughout the world.

Humphreys' Homeopathic Specifics.

CURE PROMPTLY and safely all the more common diseases and ailments to which families are subject.

In all acute diseases, such as fevers, inflammations, Diarrhea, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measles, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the diseases shortened, and rendered less dangerous.

Coughs and Colds which are of such frequent occurrence, and which so often lay the foundation of diseased lungs, bronchitis and consumption, may all be at once cured by the Fever and Cough Pills.

In all chronic diseases, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaints, Piles, Female Debility, and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old eruptions, the case has specifics whose proper application will afford a cure in almost every instance. Often the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

CAUTION TO MARRIED OR SINGLE LADIES.

On account of the deception used by pretenders to the sale of medicines for the use of females, it is requisite for ladies to use a caution in the purchase of them. Taking this view of the case, Dr. Cudworth, No. 3 Orange street, Providence R. I., offers his medicine to the public as the best ever used for females. His Drops and Pills for Suppression or Irregularities, are unsurpassed by any offered to the public. They have never failed in one single case, and can be warranted to perform perfect and permanent cures in the most obstinate cases. His medicines for all other complaints, also stand pre-eminent for their success in curing all who use them.

In the treatment of those complaints peculiar to females Dr. C. acknowledges no superior, and in all cases will warrant a perfect cure from disease or trouble. Ladies seeking medical assistance will do well to consult Dr. Cudworth, No. 3 Orange street, before calling elsewhere.

N. B.—Ladies can consult Dr. C. by letter, stating symptoms, by addressing as above, and have medicine sent secure from observation.

Office open day and evening.

A WORD TO INVALIDS.

All who have any sentimental troublesome disease which they naturally seek advice somewhere, and this leads me to call a few words on the CHOICE OF A PHYSICIAN. Let all QUACKS, IMPOSTERS AND HUMBUGS ALONE. If you have an intelligent physician in your vicinity apply to him, and follow his direction for a short length of time, and he will probably cure you; if not, apply to one who makes your disease a SPECIALTY. The physician in general practice, no matter how eminent he may be, gives one class of cases of disease as necessary to his success as the entire ability who devotes his whole attention to it. Educated physicians, hitherto, have stood aloof from making a speciality of private diseases, and hence, they have been monopolized by quacks. The fear of losing caste in society has closed among gentlemen the profession to a long stand in the way of the most desirable remedy. No disgrace is there in treating a class of diseases as a specialty, than all physicians treat in general practice? Read the advertisements of the quacks and impostors, and see how they abound, and then ask yourself why such advertisements fill the newspapers, and are so well patronized. The EVIDENCE of the truth of what they say. Advertising is much in vogue, but DECEPTIVE advertisements are the most extravagant PRETENSIONS, but without a shadow of truth. EVIDENCE of the truth of what they say. Advertising is much in vogue, but DECEPTIVE advertisements are the most extravagant PRETENSIONS, but without a shadow of truth. Any physician is entitled to CONFIDENCE who ADVERTISES, who does not give to the most undoubted guarantee both of his honesty and skill.

In offering my services in a specialty which, as heretofore, is almost exclusively in the hands of imposters, and to employ me who by the references and testimonials I shall give, is not fully convinced that I shall treat him scientifically, deal honorably, and with the strictest fidelity, and give him the best possible chance for a speedy and permanent cure.

LADIES and Gentlemen, if you desire to Dye your Hair a beautiful Black or Brown, of natural color, you can attain this result by using this Chemical Medical Preparation. AROMATIC DIGESTIVE CORDIAL

WILL CURE THE DYSPEPSIA,
WILL CURE THE HEARTBURN,
WILL CURE CRAMPS IN THE STOMACH &c.

AROMATIC DIGESTIVE CORDIAL.—This excellent and agreeable preparation is one of the best means of improving the appetite, promoting digestion, and giving strength and tone to the stomach, which has yet been offered to the public.

It is an old German receipt, and has been in use for many years in the families of the manufacturers, where it has proved an invaluable remedy for DYSPEPSIA, HEARTBURN, FLATULENCE and CRAMPS IN THE STOMACH, arising from cold or indigestion. All persons having the least tendency to indigestion should never be without it, as a small wine-glass full, taken after meals, will exclude the possibility of contracting the dyspepsia.

It is composed of fifteen ingredients. Bitters and Aromatics, and only needs to be tested to be approved and appreciated.

To persons who feel any disposition to *Chills* or *cramps* after bathing, it is of the highest benefit, as it is a mild but prompt stimulant, and produces a healthy and generous glow throughout the system, immediately after taking it.

It is an agreeable beverage, and may be used with safety, pleasure and advantage by invalids, and by those in health.

For Sale everywhere, put up in quart bottles. Price one dollar.

ST. NICHOLAS HOTEL,
Broadway, New York.

WHEN COMPLETED, six years ago, the St. Nicholas was universally pronounced the most magnificent, convenient, and thoroughly organized establishment of the kind on this continent. What it was then it remains to-day—without a rival in size, in sumptuousness, and in the general elements of comfort and enjoyment. The Hotel has accommodations for 1,000 guests, including 100 complete suites of apartments for families. Six hundred persons can be comfortably seated at the tables of its three public dining rooms, and nothing that modern art has devised for the convenience and social gratification of the traveling public has been omitted in its plan, or is neglected in its practical details. The early reputation of the house at home and abroad, derived from its magnitude, its superb appointments, and its home-like comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietors.

LANGLEY & NORMAN would inform the citizens of Newport and vicinity, that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.

We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $60, though capable of doing any work that can be done with any of the $100 Sewing Machines. ap4tf

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES St. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Despair Not, Relief is at Hand.

CAUTION TO THE AFFLICTED.

Dr. Cudworth,

NO. 3 ORANGE STREET, PROVIDENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empyricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down the intellectual faculties.

LOOK TO YOUR CASE IN TIME—Medicine prepared at a moment's notice.

All communications will be promptly attended to.

TO YOUNG MEN—The temptations to which youth are constaly exposed, and the various snares laid to entrap them by the vicious and designing are fearfully on the increase in this city of "steady habits." All who may be suffering from any such indiscretions, should bear in mind that the sooner they make their situation known to some practical medical man, the better it will be for their future welfare and happiness. Dr. CUDWORTH can be consulted at all hours to advantage.

YOUNG MEN, YOU CAN BE CURED—Dr. CUDWORTH calls the attention of young men to his splendid and invigorating Compounds, so famous for the cure of the following diseases,

Coughs, Catarrh, Bronchitis, Consumption, Asthma, all diseases of the Chest and Lungs, Dyspepsia, Liver Complaint, Cancer, Scrofula, Erysipelas, &c., Pains in the Limbs and Joints, Dizziness in the Head, Ringing in the Ears, Loss of Memory, Confusion of Ideas, Constitutional Debility, Want of Rest, Loss of Apertite, Cold Hands and Feet, Rush of Blood to the Head, Melancholy Forebodings, Trembling in the Stomach, Palpitation of the Heart, Pain in the Sides and Back, and all symptoms caused by Semina. Weakness, or any other complaints which indiscreet persons are subject to.

BE WISE—When afflicted with a certain disease do not spend your money to have your health ruined by taking a host of medicines, such as mixtures, extracts, specifics, antidotes, etc, that are advertised as certain cures, which will only drive the unfortunate victim almost to despair. Call at once on a physician who will cure you in a few days

CONFIDENTIAL—Ladies or gentlemen requiring medical advice or treatment, arising from any cause, would do well to banish all present diffidence and make an early application to Dr. Cudworth. The Doctor's long and successful practice, together with the marvellous cures, are unquestionable guarantees of his skill and ability.

DR. CUDWORTH'S FEMALE SPECIFIC—This remedy, which has been so successfully used in all cases of Suppression and Irregularity incidental to married and single ladies, is only to be procured at his office, No. 3 Orange street, Providence, R. I.

The testimony as to the invaluable virtue of this curative over all others, is incontestable.

Sent by mail to all parts of the Union, or by express. All letters enclosing $1 for advice, duly attended to.

WORCESTER, Dec. 15, 1858.

DR. CUDWORTH—*Dear Sir*—I have experienced so much benefit from your remedy, that I beg to tender you my most sincere thanks.

I am sir, respectfully, MRS. M. M. M.
